PROFILE

Emily is an experienced Occupational Therapist, specialising in Paediatrics. She is skilled at building relationships with her clients and provides comprehensive assessments and treatment programmes. Emily is able to provide support and advice to children and their families regarding equipment, moving and handling, education, EHCP assessments interventions and all aspects of function. Emily is always keen to expand on her skills, engaging in research and attending conferences and training as much as able. This ensures practice and knowledge is up to date and well informed.

Emily particularly enjoys working with children with brain injury, complex needs and PMLD in order to maximise function and independence in every day life. Emily is passionate about ensuring activities and interventions are meaningful to the child, and also appreciates how important it is to make therapy accessible and engaging.

Emily is also passionate about nature and integrating nature in to therapeutic intervention wherever possible.

EXPERIENCE

Senior Occupational Therapist NHS

2018-Present

Emily has worked in community Paediatrics since late 2018, becoming specialist in 2019. Emily has managed caseloads of high numbers, working with children and families with a range of needs through mainstream and specialist schools. Emily has been the sole

Occupational Therapist in a special school, managing children 0-18. Emily works with a Functional focus and aims to empower children and families to be as independent as possible and find fulfilment in everyday life. Emily has also managed therapy assistants and delegated work as appropriate. Emily has regularly completed EHCP assessments, and contributed to EHCP and other meetings as required. Emily has worked with families at their most vulnerable, and has been praised for the support provided to them. Emily has also assessed for and managed equipment required for Seating, Bathing and Moving and Handling.

Occupational Therapist - Elysian CIC

2020-2021

Emily was the sole Occupational Therapist at Elysian CIC care farm. Emily worked with children and young people aged 8-18 who were unable to manage in mainstream education due to difficulties resulting from Mental

EDUCATION

Health needs, or Autism. Emily also had 1:1 sessions with children with acquired Brain Injury and other Neuro conditions to support maintenance of range of movement and overall improvement in wellbeing. Emily regularly completed progress reports and annual reviews, referencing and following EHCP recommendations and aims. Emily provided training to other members of the team and upskilled them to be able to maximise the potential of their own sessions, and provide advice around providing appropriate sensory inputs for the children to feel regulated and able to engage. Emily worked creatively and frequently managed challenging situations and group dynamics as part of this role.

Occupational Therapist - NHS

2017-2018

Emily worked in the acute wards covering elderly care and Trauma and Orthopaedics. The main aim was to safely discharge patients back to their preferred destination, and ensure all Equipment and training were provided and in place. Emily regularly completed Functional Assessments such as washing/dressing, and Kitchen assessments to explore physical and cognitive skills and abilities. Emily worked with end-of-life care, and is skilled at managing highly emotive and challenging circumstances.
